

14

Days to go

until children are back in school taking part in PE!

Reasons

to choose funetics to help the children in your school be active, happy and healthy!

The funetics programme, created by England Athletics, delivers fun athletics sessions to help children learn, develop and practise running, jumping and throwing for a healthy and confident future.

Here are 14 reasons why, with our support and expertise, we can help your pupils stay active or return to physical activity as soon as school starts, or at any time to suit your circumstances:

1. funetics is ready to use now or anytime in the future
2. It's accessible to all teachers with built-in training and mentoring support
3. It's easy to use and can be delivered inside or outside, with social distancing
4. Children can bring their own 'equipment' to help with Covid-19 guidance
5. All the activities are trackable by your school and parents too
6. It is rich in content
7. It supports your own school outcomes and is in line with the National Curriculum
8. Sessions can be delivered in breakfast and after school clubs or in curriculum time
9. It is accessible all year round
10. The fundamental movement skills of funetics are key to so many physical activities
11. As well as physical learning it's about 'developing the whole child' through soft skills
12. Created by England Athletics – you can be confident in its competency
13. It's backed by the world's fastest man Usain Bolt and UK superstar Katarina Johnson-Thompson!
14. **funetics is fun!**
